

How do I access my record, including my prescription(s) electronically if I choose this method?

Vision Source Family Eye Care is pleased to offer you convenient, secure access to information from your eye care record through an online portal called RevolutionPHR. The acronym PHR stands for “**P**ersonal **H**ealth **R**ecord” and represents an online location where you and only you can view important information about your relationship with us.

RevolutionPHR utilizes the highest standards of online security while allowing you to view portions of your eye care record through any standard Internet browser on a PC or Mac computer, or mobile device, including your prescription for eye wear. You can decide if access to RevolutionPHR is right for you, and participation is completely optional.

Steps to Access RevolutionPHR-

1. Access the Internet through your preferred Internet browser on any PC, Mac computer, or mobile device
2. In the Internet address bar (often called the Toolbar) type this address: <https://www.revolutionphr.com>
3. Insert the **Username** of: _____ that was discussed with our office staff, which will be your email address.
4. Insert the **Temporary Password** that was created specifically for you of: _____
5. This process will lead to a Reset Password screen where you will be prompted to re-enter the Temporary Password and then log your personal Password that must be at least 8 characters long, including at least one number and one capital letter.

Sincerely,

Michael R. Montgomery OD PC
